## UNANI SYSTEM

### The Holistic Approach to Human Ailments

Change is the only unchanged and universal phenomenon that keeps taking place, sometimes so discreetly that people are either unable to notice or just have no time to pause and ponder over it. Having said that, the **Modern Lifestyle** is one such example that represents CHANGE albeit on a NEGATIVE trajectory.

As a result this change in **Lifestyle** has taken a big toll on humans. It has catapulted human agony to greater heights. New diseases and dysfunction have emerged from nowhere and have jeopardized daily life. The modern and supposedly mainline treatment is unable to handle the catastrophe across the world and is looked down as inefficient system that is mainly reactive and tries to retard or reduce the effects of a disease. Most of the time, the 'mainline & modern' system, leaves indelible side effects that invite more and more complications.

As a change, now people across the globe specially Western world, are increasingly attracted to the ancient systems of medicine namely **Herbal** or **Unani** and **Ayurveda**. Centuries of intervention and **CURING** records of these ancient systems are a testimony to their **Efficacy**, **Safety** and **Balance** because these systems have **HOLISTIC** approach and **HARMONY** with the human body.

'Indian Unani Drugs Manufacturers' strictly follow the detailed guidelines and rules laid down under **Drugs & Cosmetic Act, 1942**.

**Dehlvi Remedies®**

the Formidable Unani Brand of

**Sana Herbals Pvt. Ltd.**

Since inception with dedication and a missionary zeal, **Sana Herbals Pvt. Ltd.**, are engaged in production of many a famous **Dehlvi Remedies® Brands** like ● **A-Gile** ● **Braino** ● **Nokuf** ● **Raktsafa** ● **Anis Khawateen** ● **Arshadi Pills** ● **DeKolstrol** ● **OBNo**, etc. to name a few. The '**No Compromise**' dictum in maintaining **Quality & Efficacy** has kept them in a good stead. The names mentioned above are only a tiny part of many a **Patent & Classical** formulation that have stood the time and have never failed.

What makes I.S.O. & G.M.P. Certified company, **Sana Herbals Pvt. Ltd.**, standout is their **Quality Control** and **Technical Expertise**. All the

products are licensed by the regulatory authority of the government.

It is worth mentioning that **Sana Herbals Pvt. Ltd.** has never stopped or paused on the path of improvement and innovation. The **New Range of Herbal Personal Care** that contains day-to-day-use OTC products like **Dehly Special Amla Hair Oil, Dehly Amla Shampoo, Dehly Anti Dandruff Shampoo, Dehly Heena Shampoo, Dehly Protein Shampoo** etc. or the **Sugar Free** formulations of **Dehly Arshadi Sugar Free, Dehly Jalinus Sugar Free, Dehly Saleep Sugar Free** etc.

**Classical Syrups, Khamiras, Majuns, Jawarish and Itrifals** are produced in their state-of-the-art manufacturing hubs at Dasna and Delhi which are furnished with the most modern **R&D Departments**. Needless to say that a team of **Professionals** has been assigned to carryout **Pre & Post Production Tests** on a regular basis to maintain the high standards set by the **I.S.O. & G.M.P.** qualified company.

**Have a closer look on some of worth mentioning medicines/ range from the company:**

#### **Modern Medicine**

● T-3 Pro (Thyroid) ● KIDNEY-EAZE ● DB-NO (Diabetes) ● Dehly Flo 9 Tablet ● Dehly Memorist Tablet ● Dehly Prostowell Tablet, etc.

#### **New Sugar Free Range**

● Dehly Arshadi Sugar Free (Khamira) ● Dehly Dawaulmisk Jawaharati Sugar Free ● Dehly Gazoban Jawahari Sugar Free (Khamira) ● Dehly Jalinus Sugar Free (Jawarish) ● Dehly Marwaridi Sugar Free (Khamira), etc.

#### **Classical Ayurvedic Medicine**

● CHINTAMANI RAS with GOLD PEARL & AMBER ● VASANT KUSUMAKAR RAS with GOLD ● CHANDRAPRABHA VATI ● CHYAWANPRASH Special with Saffron, etc.

#### **Single Herbs**

● AloeVera ● Arjuna ● Ashwagandha ● Neem ● Kasni ● Karela ● Satavar ● Triphala, etc.

**Sana Herbals Pvt. Ltd.** have hundreds of years-backing of **Traditional** treasure of innumerable formulations and are guided by the knowledge of practicing **Hakims** and **Vaids**. Still their un-satiated thirst for betterment, forces them to ask you for the **valued suggestions** and **guidance** for improvement.

## Profile of the CEO

The '*SANA*' of **Mr. Shakeel Jameel**, the CEO of Sana Herbals Pvt. Ltd., is just not possible in a few words. He is the chief standard bearer of the company with glorious past, studded with many a worth mention decisions that set the pace and identified the future course of the company.

Having the vast knowledge of manufacturing Unani and Ayurveda medicines, he has been a force to reckon with. The unwritten rule of '**No Compromise**' on the **Quality and Quantity** of herbs has created a special niche for Sana Herbals Pvt. Ltd. in the Unani & Aryurveda market. He is a thorough Professional and a gentleman who cares for his thoroughbred staff and has a soft corner for the needy ones and a special eye for hard working individuals.

**Dehlee Remedies®**, the Formidable **Brand of Sana Herbals Pvt. Ltd.** is his cherished baby, developed with great zeal and trust; producing many a well-known formulation, trusted throughout the length and breadth of the country e.g. **A-Gile, Anis Khawateen, Braino, Dekolstrol, NoKuf, Raktsafa**, etc.

Today a full-fledged state-of-the-art drug manufacturing centre at Dasna, furnished with the most modern R&D department is a testimony to his ongoing efforts towards improvement and perfection. A Range of Personal care OTC products and the new range of Sugar Free Patent & Classical formulations are produced in the new factory under the guidance of dedicated professionals.

The official website: <[sanaherbals.com](http://sanaherbals.com)> has been offering in depth knowledge of each product manufactured under the **Dehlee Remedies®** brand. There is a facility for patients to enjoy online consultation. The portal is user friendly yet the company always looks forward to suggestion that help in improvement in all spheres.

# Nervous System Disorders

## Headache, Migraine and Vertigo

### Dehlvi Migrana Tablet

**Ailment:** Migraine is caused by a spasm of large blood vessels in the brain. The onslaught of migraine has a ratio of 1:3 in males & females across the globe. The throbbing pain is directly related to constriction of blood vessels. The pain starts suddenly, sometimes in the eyes or around the sockets or temple area. It can spread to both sides of the head often followed by loss of appetite, nausea, vomiting and sensitivity to sound, light, & smell or aversion to food. This condition continues for about four to seventy two hours.

Severe and throbbing migraines, usually located on one side of the head, are relieved by Dehlvi Migrana Tablets.

**Advice:** Avoid triggers like Stress, fatigue, smoke, bright lights, dairy products, especially cheese, chocolate, eggs, oranges, spinach, bananas, wheat & wheat products, peanuts, citrus fruits, tomatoes, red meat, etc.

**Dosage:** 1 or 2 Tablets twice a day with water, better to take one dose before sunrise.

**Presentation:** Bottle of 60 tablets

### Habbe Ayarij

Useful in chronic headaches, epilepsy and other diseases of the brain. Cleans the brain from toxic substances.

**Directions:** 3 gms. (approx. 24 pills) at night with 125 ml. Arq Gaozaban. In the morning after awakening, give a purgative (Qurs Mulayyan or Itrefal Mulayyan) for cleaning the stomach.

### Habbe Banafsha

Removes headaches caused due to intensity of heat. Useful in asthma and shortness of breath.

**Directions:** 1 or 2 pills at night with water.

# TABLETS

Effective in  
flatulent &

## Sharbat Banafsha

Useful in fevers, common cold, catarrh, cough and other diseases of the chest.

*Directions:* 25 ml. with water.

## Sharbat Nazlano Khas (Previous Name: Sharbat Nazla Khas)

The process of formation and decay of the Complex Organic Molecules such as LIPIDS, PROTEINS, and CARBOHYDRATES etc. starts off at birth and goes on till the end of life. As a result of the biochemical reactions alongwith useful substances, some substances that are toxic are also generated that must be excreted. The body has its own mechanism to get rid off these unwanted by-products. In the brain too, there is a mechanism which is yet to be fully understood to shed off these harmful substances. According to the Greek school of thought when these degradation products flow towards thoracic region, are called NAZLA and when towards nasal region, are termed ZUKAAM. So, Nazla and Zukaam are two names of the same thing depending upon the route it follows from the brain to the two different sites of the body.

Sharbat Nazlano Khas helps activate this cleansing process. This contains such fabulous ingredients as USTKHUDDUS nicknamed “The Broom of Brain”. It builds up body resistance besides acting as a protector against pathogenic invasions.

*Directions:* 10 ml. or 2 teaspoonfuls in the morning and evening with lukewarm water on an empty stomach.

**Note:** Itrefal Kishnizi, Itrefal Zamani, Kushta Marjan Jawahar, Lauq Sapistan Khayar Shambari, Sharbat Sadar and Sharbat Ustkhuddus are also recommended in “Cold and Catarrh”.

*Dosage:* 1 Tablet 2 times a day before meals, or as directed by the physician.

### **Liv-On Syrup**

Liver is the largest gland found in the body with several important functions. It secretes BILE that is essential for digestion of food. It breaks down the complex molecules into simpler and usable fragments, retains the useful ones and passes the unwanted products to the excretory system from where it is thrown out of the body. It also metabolises drugs, destroys the toxins released by the pathogens and protects our body from damage. It also helps in storage of vitamins. Alcohol and most of the chemotherapeutic agents cause liver damage. Liver dysfunction is indicated by lassitude, inactivity or inertness, no desire to take food or total aversion to fatty foods.

Liv-On Syrup protects the liver against all kinds of toxins and prevents hepatic damage. Used as a daily health supplement, it keeps the liver functioning at its best and promotes growth, improves appetite and promotes digestion and assimilation of food. It can be used as a routine medicine for liver protection against alcohol, drugs and toxins and to stay healthy.

Liv-On Syrup contains concentrated extracts of only the time-tested herbs provided in a palatable base for easy acceptance by all age groups.

*Directions:* Syrup: 10 ml. in the morning and evening.

### **Liv-On Syrup Sugar Free**

Liv-On Syrup Sugar Free is also available for those, who want to abstain from sugar.

## **Diabetes Mellitus**

### **Gurmar Tablets**

Gurmar is native to the tropical forests of southern and central India and Sri Lanka. The Hindi name gurmar translates as “destroyer of sugar.” Gurmar is an herb used in the traditional medical system of India, for treating diabetes, constipation and minor digestive complaints. It is also used to facilitate weight loss. The focus of its studies is on certain compounds found in the herb, called gymnemic acids, which have been shown to decrease the absorption of sugar from the intestines. Gurmar may increase insulin levels in the body, thus decreasing blood sugar.

Helps glucose assimilation

Controls Cholesterol levels

DOSAGE: 1 tablet twice daily before meals with water, or as directed by the physician.

Each tablet contains: Gurmar (*Gymnema sylvestre*)\* (St. Ext.) Pdr. : 250 mg

\*Ref. N.F.U.M. Part-I

## DB NO

Diabetes is a chronic disease that occurs either when the pancreas does not produce enough insulin or when the body cannot effectively use the insulin it produces. Insulin is a hormone that regulates blood glucose. Raised blood sugar, over time, leads to serious damage to many of the body's systems, especially the nerves and blood vessels.

Symptoms of diabetes include feeling very thirsty, needing to urinate more often than usual, blurred vision, feeling tired, losing weight unintentionally, etc.

Over time, diabetes can damage blood vessels in the heart, eyes, kidneys and nerves. People with diabetes have a higher risk of health problems including heart attack, stroke and kidney failure. Diabetes can cause permanent vision loss by damaging blood vessels in the eyes.

DB-NO tablets are composed of many effective herbs like Jamun seeds, Karela, Kalonji, Methi, Gurmar Booti, etc., which are helpful in controlling raised blood sugar levels.

Dose: 1-2 tablets to be taken after both principal meals with water, or as directed by the physician.

## Shugarina

Produces the most beneficial results in treating diabetes mellitus and diabetes insipidus. It enhances the production of insulin in the pancreas, normalizes the sugar levels in the blood of diabetic, checks polyuria and is a destroyer of glycosuria and other urinary diseases. Strengthens the urinary bladder and is useful in incontinence of urine. Also strengthens the brain, heart, liver and kidneys.

*Directions:* 2 pills twice a day.

# DIABETES MELLITUS

## Treating Diabetes insipidus

It enhances the production of insulin in the pancreas, normalises the sugar levels in the blood of diabetic, checks polyuria and destroyer of glycosuria and other urinary diseases.

## Vasant Kusumakar Ras with Gold

It acts as an alternative stimulant and tonic, indicated in diabetes mellitus, urinary problems, sexual debility and general debility. It is also used as a tonic for the brain and heart. This is an ayurvedic medicine, which is prepared as per Ayurved Sar Sangrah.

Dosage: 1-2 tablets once or twice a day after meals, or as directed by the physician.

**Note:** Habbe Salajit, Jawarish Zaruni Ambari Banuskha Kalan, Jawarish Zaruni Sada, Karela Tablet, Kushta Baiza Murgh, Kushta Zamarrud, Neem Tablet and for women Majun Supari Pak are also recommended in "Diabetes Mellitus".

## Dysuria

### Dehlee Prostowell Tablet

Chronic urinary retention develops over time as you age, and may cause few symptoms which may include:

- the inability to completely emptying the bladder when urinating
- frequent urination in small amounts
- difficulty starting the flow of urine, called hesitancy
- a slow urine stream
- the urgent need to urinate, but with little success
- Dribbling of urine
- feeling the need to urinate after finishing urination
- leaking urine without any warning or urge

Medical problems that may narrow the urethra and block urine flow include:

- bladder outlet obstruction, such as urethral stricture
- urinary tract stones, also called calculi
- urinary tract infection
- sexually transmitted diseases
- Prostatitis
- enlarged prostate, or benign prostatic hyperplasia

**Dehly Prostawell Tablets** promote healthy bladder function, and support normal urinary flow. These tablets possess anti-stone, diuretic, anti-inflammatory, anti-microbial and pain relieving properties. Dehly Prostawell Tablets help in emptying the bladder while urinating, ease free flow of urine and complete emptying of bladder, help reduce pain or difficulty in passing urine, help reduce infection of urinary tract and inflammation of adjacent organs, etc.

Dosage: 1-2 tablets twice a day with water, or as directed by the physician.

## Oligospermia

### Jauhar Khusia

It is a testosterone replacement therapy in male hypogonadal disorders and infertility due to disorders of spermatogenesis. Fulfills the hopes of childless couples by increasing the secretion of semen and sperm count, thereby removing sexual debility and improving motility and morphology of sperms. May be indicated in osteoporosis due to androgen.

*Directions:* 1 gm. with a glass of milk in the morning. More effective if taken with 5 gm of Labub Kabir or Majun Salab and milk.

### Spertrong Powder

An important aspect of semen quality is the number or concentration of sperm cells in a given amount of semen. Normal sperm densities range from 15 million to greater than 200 million sperm per millilitre of semen. It is considered to have a low sperm count if one has fewer than 15 million sperm per millilitre or less than 39 million sperm total per ejaculate. Normal pH or acidity ranges from 7.2 to 7.8. An essential function of healthy sperm cells is their ability to swim. Sperm motility is measured as

the percentage of moving sperm cells in a sample of semen. Low levels of testosterone, the male sex hormone, may be responsible for infertility in some men. To reach and fertilise an egg, sperm must move — wriggling and swimming through a female cervix, uterus and fallopian tubes. This is known as motility.

In this aspect, SPERTRONG is a hope to meet these goals. It helps to produce a healthy semen. The powerful ingredients present in SPERTRONG help to produce healthy sperms, increase the sperm count as well as the motility of sperms.

Dosage: Two teaspoons twice a day with a glass of lukewarm milk, or as directed by the physician.

**Note:** Apsara Gold, Dehlvi Muqavvi Gold, Dehlvi Muqavvi Khas, Goli Wajid Shahi, Habbe Amber Momyai, Habbe Jadwar, Jawarish Zaruni Ambari Banuskha Kalan, Jawarish Zaruni Sada, Kushta Qalai, Kushta Tila, Labub Kabir, Majun Falasfa, Majun Jalali, Majun Piaz and Shababe Shahi are also useful in “Oligospermia”.

## Atrophy of Penis & Loss of Erection

### Dawa-e-Malish

Used before Dawai Takore. Useful in weakness and loss of erection.

*Directions:* 1 gm. to be rubbed lukewarm on the penis for about 10 minutes and a muslin cloth is to be tied. In the morning open the cloth and wash the penis with warm water.

### Dawa-e-Takore

Used after Dawai Malish. It is useful in weakness and loss of erection.

*Directions:* Make 2 pouches of cloth each containing 3 gms. powder. Dip the pouches in 25 ml. hot Mustard Oil and apply one pouch on the penis leaving the tip. When the pouch becomes cold, apply the second pouch and put the first pouch in the hot oil. Continue this process for at least 15 minutes. After 15 minutes tie a muslin cloth on the penis. In the morning open the cloth and wash the penis with warm water.

## Satawar Tablets

Satawar is a female-friendly herb and supports healthy hormone production and reproductive function. Satawar Tablets act as a uterine tonic, and benefit in menstrual disorders. They regulate female hormones, enhance breast development and increase breast milk production. Satawar Tablets can be taken along with milk or honey twice a day to get relief from the symptoms of premenstrual syndrome.

In men, Satawar Tablets improve testosterone levels. They might be helpful for diabetics as they help manage blood sugar levels. Due to their antioxidant activity, Satawar Tablets might also promote memory functions. Satawar Tablets boost immunity due to their rejuvenating properties, and help in weight gain. Shatavari may be one of nature's best kept anti-aging secrets. Antioxidants can help prevent damage and disease in your body.

- General debility
- UTI
- Post-partum Lactation

**CONTRAINDICATIONS:** Restricted in Kidney dysfunction, Diarrhoea or Gout

**DOSAGE:** 1 tablet twice daily before meals with water, or as directed by the physician.

Each tablet contains: Satawar(*Asparagus racemosus*)\* (Rt.) Pdr.: 250 mg  
\*Ref. N.F.U.M. Part-VI

# General Debility

## A-Gile

Provides nutritional support drawn from natural sources. It improves appetite and digestion, restores health, builds a strong body, maximises dietary nutrition, raises body resistance and hastens convalescence and recovery from debilitating illness. **A-Gile** is a general tonic for all chronically wasting diseases, anaemia, general debility and exhaustion with lack of vitality. It also accelerates post-operative recovery, improves muscular tone, tones up the heart and accelerates circulation of blood. As **A-Gile** is non hormonal, it is completely safe even for long term use. It is a comprehensive tonic for every member of the family for daily consumption.

*Directions:* 20 ml. of **A-Gile** before breakfast and evening meal. Children should be given half the dose.

## Aamlain

Contains natural vitamins and is specially rich in Vitamin 'C'. Also contains carbohydrates, proteins and minerals which provide energy and supplement Protein Energy Malnutrition (PEM). The special herbal formula of **AAMLAIN** provides required sedative elements that relax strained muscles and soothe whole body. **AAMLAIN** is ideal for people involved in academic activities such as students, scientists, advocates, accountants and engineers. The prolonged mental exercise leaves sort of vacant mindedness and induces heaviness, sure signs of mental fatigue. It is beneficial for sportsmen, labourers, housewives, etc., who need lots of muscular energy. **AAMLAIN** is also recommended in loss of memory, stress, strain and fatigue, lassitude, loss of vigour, inertness and apathy, insomnia, anorexia, weakness of eyesight, bronchitis and diarrhoea. On the whole, **AAMLAIN** is a 'total body nourisher from head to toe'.

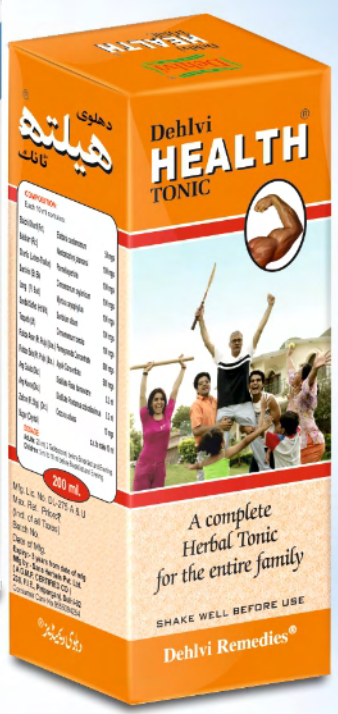

*Directions:* 20 gms of **AAMLAIN** to be given in the morning with breakfast. Tastes good if spread on bread-slices.

# HERBAL HEALTH TONIC

## Household Medicines

### Aloe Vera (Aloe barbadensis) Tablet

Aloe Vera, commonly described as a ‘wonder plant’, is a flowering plant. The leaves of Aloe Vera are succulent, erect, and form a dense rosette. Many uses are made of the gel obtained from the plant’s leaves.

Aloe Vera has been the subject of much scientific study that show wonderful results in human dysfunctions. It helps lower sugar levels, prevents skin wrinkles, reduces constipation and accelerates healing of burns.

- Antioxidant and antibacterial
- Dental plaque
- Constipation and Skin disorders

Composition: Each tablet contains Aloe vera (Aloe barbadensis)\* (Lf.) (Ext.) Pdr. : 250 mg

*Dosage:* 1 tablet twice daily or as directed by the physician.

### Ayush Joshanda

What is immunity?

Immunity is the ability of an organism to resist a particular infection or toxin by the action of specific antibodies or sensitized white blood cells. Intake of suitable herbs is an important way to help reduce the risk and impact of virus infections, as well as to build a more powerful immune system over the long term.

Recommended by Ayush Department, Ayush Joshanda is a powerful and suitable combination of herbs, that fight against viruses and produce strong immunity in the human body.

1. Tulsi (Holy Basil): Natural Immunity Enhancer

2. Darchini (Cinnamon): Strong Anti-Oxidant
3. Sonth (Ginger): Highly recommended in Sore Throat, Cough & Common Cold
4. Kaali Mirch (Black Pepper): Strong Anti-Microbial Herb

**Presentation:**

1. Ayush Joshanda Sachet (6 gm x 7 sachet)
2. Ayush Joshanda Tablet (50 tablets)
3. Ayush Joshanda Powder (30 gm and 100 gm)

*Usage:* Consume like tea by adding 3 gm powder in 150 ml of boiled water, once or twice daily. Add jaggery/raisins/lemon juice for taste.

*Tablets:* One tablet once or twice a day, with water.

## **Dehlvi Kalonji Oil**

Kalonji is also used in the form of oil. It is extracted from the seeds of Kalonji. Loaded with thymoquinone, a compound with anti-oxidant properties, this amber-coloured oil is used in cooking, body massages and in various beauty treatments.

Various studies over many years have chronicled several key findings on the benefits of Kalonji oil.

**Uses of Dehlvi Kalonji Oil:**

**1. Treats Rheumatoid Arthritis:**

Dehlvi Kalonji Oil eases the pain caused due to rheumatoid arthritis by increasing the lubrication between the joints. Studies reveal that the intake of black seed oil or its supplements decreases inflammatory markers in the blood, thus healing the swollen joints.

**2. Allergic Nose Problems:**

If you are suffering from severe allergies that are causing persistent cold and chest congestion, all you need is a spoonful of Kalonji oil. Rub lukewarm oil on the chest to ease congestion and to prevent runny nose and sneezing.

**3. Relieves Asthma:**

Blackseed oil works wonders for those suffering from asthma. A regular intake of this oil will improve the symptoms of asthma and prevent the sudden onset of the asthma attacks.

#### Home Remedies Using Dehlvi Kalonji Oil:

##### 1. Kalonji Oil and Olive Oil Pack:

###### Ingredients:

½ teaspoon Dehlvi Kalonji Oil

1 teaspoon Olive Oil

###### Method:

Make a mixture of Dehlvi Kalonji Oil and olive oil. Apply it as a thin layer on the skin. Let it dry for 15 minutes and wash with plain water. Do it at least twice a week to prevent acne and for smoother skin.

##### 2. Kalonji Oil and Orange Juice:

###### Ingredients:

½ teaspoon Kalonji oil

1 cup of orange juice

###### Method:

Mix Dehlvi Kalonji Oil with fresh orange juice and drink it in the empty stomach to flush out the toxins, fight free radicals and to glow from within. You can drink this juice in the morning or before going to bed. One can notice changes within a week with skin gaining the glow back.

##### 3. Kalonji Oil for Hair Loss:

Kalonji oil extracted from the black seeds is one of the main ingredients in many herbal based shampoos and hair care products. The active component thymoquinone in Kalonji contains protein, alkaloids that effectively support hair growth and volume. Kalonji oil arrests hair fall, reduces the aging of cells on the scalp and prevents hair thinning.

##### Dehlvi Kalonji Oil and Coconut Oil Pack:

###### Ingredients:

1 teaspoon black seed oil

1 teaspoon coconut oil

Method:

Warm both oils and rub on the scalp evenly. Apply it more on the scalp for providing strength to the follicles. Leave it for 30 minutes and wash it with a mild shampoo. Coconut oil makes your hair shiny and silky whereas Dehlyvi Kalonji Oil promotes hair growth, clears various types of dandruff and maintains the scalp clean.

Presentation: Dehlyvi Kalonji Oil - available in 50 ml and 100 ml packs.

## ImmunHo Syrup

What is immunity?

Immunity is the ability of an organism to resist a particular infection or toxin by the action of specific antibodies or sensitized white blood cells. Intake of suitable herbs is an important way to help reduce the risk and impact of virus infections, as well as to build a more powerful immune system over the long term.

ImmunHo Syrup is a powerful and suitable combination of 17 potent herbs like Tulsi, Haldi, Ashwagandha, Mulethi, Abresham, etc., that fight against viruses and produce strong immunity in the human body. It boosts the immunity naturally.

*Dosage:* 5 to 10 ml twice a day or as directed by the physician.
